

Dream, Believe, And Soar!

A daylong on discovering your life's purpose

Finding your life purpose and your deepest life intentions can help you to move with greater focus and clarity every day of your life. You can start to find and develop your own purpose and intentions by stopping for a moment and asking yourself two questions: **"What is most important to me in my life? What are my deepest values and beliefs?"** In this daylong we will explore these questions and then notice what comes up that touches and inspires us most deeply. This workshop will include periods of silent meditation, group discussions, writing and talks on the theme of the day.
