

What the Buddha Taught

An Introduction to Buddhist Philosophy

This daylong retreat will offer an in-depth understanding of core Buddhist teachings and meditation practices essential in the journey of awakening as taught within the Theravada tradition. This daylong is ideal for those relatively new to Buddhism who wish to gain both an overview of the Buddha's teaching and to develop experience in Buddhist practices and meditation. It is also very useful for those students with some meditation experience who wish to refresh their knowledge of key Buddhist teachings. There is a practical emphasis on how we apply and live these teachings in our everyday lives.
